PROFILE

Young ministry professional seeking a full-time position that utilizes my unique skills, talents, and passions while serving God and helping others to experience the abundant life that He promises. I have served in churches since I was a teenager at various positions including worship leader, teacher, youth group staff, church plant launch team, online ministry director, and men's pastor. I am particularly gifted in teaching, counseling, pastoring, and team building. My personal mission is helping people to understand who God is, who they are in relation to God, what God has made them for, then preparing them to become who they are meant to be.
